Hello,

I am resident of Westchester, CA (90045) and I am writing today to ask that you please recognize that our community is Westchester/Playa del Rey/Playa Vista; is recognized as such by the City of Los Angeles; and should therefore remain in the same districts. We also share common interests and concerns (transportation, LAX, coastal/environmental) with the South Bay Cities to which are currently aligned and should be included with them. We do not share much in common with the cities to the east.

Thank you,

Dear Members of the Committee and Other Interested Parties,

Please move Westchester out of the 35th district and keep them with their true community neighbor Playa del Rey and place them with in District 36 where they both belong.

As a resident of the Los Angeles community of Westchester, it has come to my attention that there was talk of moving Westchester out of the 35th district so it can join it's common interest neighbors of the Beach Cities in District 36. But now not only are the plans to not move Westchester but to separate it from This must be done for the benefit of our community. You need to recognize the bond the communities of Westchester/Playa del Rey/Playa Vista share and acknowledge it by combining them in the same congressional district as the South Bay Cities.

Please understand that: (1) our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by the City of Los Angeles. We are truly one and the same sharing the same Little Leagues, parks and community events. There is no reason for us, other than political, to be separated. You would be negligent of your duties to keep these communities apart. (2) You need to understand the the communities of Westchester/Playa del Rey/Playa Vista share such a multitude of common interests and concerns with the South Bay Cities (such as transportation issues, LAX issues, and coastal/environmental issues.) Hi, my name is Gerardo Perez Giusti, I am a resident of Westchester. I am writing to ask you to recognize that our community should be part of the Westchester/Playa del Rey/Playa Vista larger community, as it has been recognized by the city of Los Angeles. As a concerned citizen, I have to voice my strong opposition to any attempt by the Citizens Redistricting Commission to include Westchester with other communities to the East of our neighborhood, such as Inglewood and South Central. Westchester is a community with deep roots and connections to the South Bay cities, we share common interests, such as places of entertainment, family recreation and culture as well as common concerns, such as LAX development, West Side traffic and transportation issues and common efforts for the protection for our coast lines.

It would be absurd and detrimental to our community to create an artificial connection to cities East of Westchester, particularly when we share a strong and real nexus and Playa Vista and Playa del Rey.

Thank you

I ask that you recognize:

- 1) our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by the City of Los Angeles, and
- 2) that we share common interests with the South Bay Cities and should be included with them.

We do not share much at all in common with the cities to the east such as Inglewood, Compton, Lennox, Gardena, South Central, West Athens, Westmont and Florence-Graham.

Our Community of Westchester shares much more common interests and concerns such as transportation issues, LAX issues, coastal/environmental issues with the South Bay cities than we do with the cities with whom we are currently being aligned!

Please keep us as part of the bay type cities, better yet keep us as Westchester/Playa del Rey/Playa Vista!!

Thank You,

Please note that our community is Westchester/Playa del Rey/Playa Vista, and is recognized as such by the City of Los Angeles. Thus we should remain in the same districts!

We have many common interests with the South Bay Cities, including transportation issues, LAX issues, coastal/environmental issues, and should be included with them. We do not share much in common with the cities to the east of the 405 fwy!

The Citizens Redistricting Commission has determined that we the residents of Westchester/Playa share more with the South Bay/Beach Cities and has included us with them. So why are POLITICS interfering, and the current drafting of the maps has Westchester once again with Inglewood and other cities to the east –while being segregated from Playa del Rey and Playa Vista?

Westchester has never fit in with the communities of Inglewood, Compton, Lennox, Gardena, South Central, West Athens, Westmont and Florence-Graham.

Please redistrict us with the South Bay Cities!!

Good morning,

It has been brought to my attention that our community of Westchester/Playa del Rey/Playa Vista has a rare opportunity to be finally re-districted into an area where we share common interests and goals as a community. We are recognized by the City of Los Angeles as a community that shares common interests with the South Bay Cities and should be included with them. We do not share much in common with the cities to the east.

As a long time resident of Westchester/Playa del Rey/Playa Vista , I am asking that this move be strongly considered in light of where we are aligned currently and where we should have been aligned all along. We uniquely share common interests and concerns, we share transportation issues, LAX issues, coastal/environmental issues with our fellow beach communities and it is unfair that we are aligned with a group of cities that we do not share anything in common with currently. We share vastly more with the South Bay cities and we would like to be commonly represented.

Thank you

Hello,

I am writing today to share my concern regarding the potential redistricting of Westchester.

As a resident of Westchester, I strongly disagree with the notion that as a community we share common interests with cities to the east of ours. We share vastly more with the South Bay cities than we do with the cities with whom we are potentially being aligned.

We have been recognized as part of the Playa del Rey/ Playa Vista, South Bay cities, by the City of Los Angeles and should remain within the same district as these cities. We share the same transportation issues, LAX issues, coastal and environmental issues as the South Bay cities.

Please take these concerns into consideration when determining which area to align Westchester with.

Thank you.

Citizens Redistricting Commission:

As a lifelong resident of Westchester I am appalled to learn that the Commission is developing a plan to align Westchester with cities to the east and sever ties with Playa Del Rey and Playa Vista.

A quick look at a map highlights the geographic proximity of Westchester, Playa Del Rey and Playa Vista; even our sporting divisions (baseball, soccer, etc) align our communities. Severing these communities is unacceptable and I assure you will not be well-received by the Westchester community. It will lead to an ongoing battle to redefine district lines

I ask that the commission please reconsider their current plan and recognize that Westchester, Playa del Rey and Playa Vista are a unified community and is recognized as such by the City of Los Angeles and should remain in the same districts. Further, in looking at redistricting plans, I ask that the Commission recognize that we share common interests with the South Bay Cities and should be included with them.

Thank you for your consideration.

Sincerely,

I have lived in Westchester since 1986 and feel strongly that the community of Westchester/Playa del Rey/Playa Vista should be in the same district as the South Bay Cities. First of all, Westchester/Playa del Rey have always been considered one community and are recognized as such by the city of Los Angeles. We share churches, schools, shopping areas and have the same concerns for our community. Splitting us up makes no sense, and the areas east of us **are not** a part of our community and **do not** have the same concerns as we do, nor do we have much in common with those communities.

We need to be able to vote for the issues that concern us. This would mean aligning us with the South Bay Cities. We are all concerned about the same transportation issues, LAX, and coastal/environmental issues, just to name a few.

In conclusion, we share vastly more with the South Bay Cities than we do with the cities to the east of Westchester, with whom we are currently aligned.

Please make this right for our community.

Sincerely,

To whom it may concern,

As a Westchester property and business owner I am very concerned with the current redistricting effort. For as many years as I can remember our community has been strictly aligned with the other South Bay Beach Cities.

Our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by; the City of Los Angeles, the Neighborhood Council and Chamber of Commerce, and should remain in the same districts that we share common interests with, those being the South Bay Cities.

Those common interests and concerns that we share are: transportation issues, LAX issues, coastal/environmental issues, our local youth sports teams/programs and other community organizations too numerous to mention. We do not share those same bonds with the cities to the east.

So please take into consideration our right to be as fairly represented the Federal level as we are locally.

Thank you for your time and consideration in this vitally important matter.

We share common interests with the South Bay Cities and should be included with them. We do not share much in common with the cities to the east.

As a member of the community, the south bay cities have many common interests such as transportation issues, LAX issues, coastal/environmental issues, etc. We do not have anything in common with South Central or Maxine Waters. I am ashamed at the fact that I have to let me daughter and son know who our congressional representative is and why I continually do not vote for her (ethics, focus on balancing budgets and not rewarding criminal activity!).

Please keep us with South Bay Cities during the redistricting.

Thanks,

David Korey

To whom it may concern:

I have learned of the redistricting that is taking place which would place Westchester with cities to the east (Inglewood, Compton, South Central, etc).

Westchester should now, and in the future, be considered by all (just as the City of Los Angeles does) as Westchester/Playa del Rey/Playa Vista community, which partners with the South Bay cities. Our Community is close-nit and shares many common interests and concerns with the South Bay cities.

Westchester should not be included with the easterly cities as we have few common interests.

Sincerely,

Dear Commission members,

It has come to our attention that the current redistricting effort places the city of Westchester with other communities to the east, rather than with the coastal communities in the South Bay area. This makes no sense to us. Our Chamber of Commerce and Neighborhood Council include other coastal communities, like Playa Vista and Playa del Rey. In fact, the city of Los Angeles recognizes us as "Westchester/Playa del Rey/Playa Vista." In addition, we share issues related to LAX with the city of El Segundo. We share transportation, coastal and environmental concerns with the other Santa Monica bay communities.

We share far more issues, interests, and concerns with the South Bay cities than with the communities to the east. Please return Westchester to the district that makes the most sense, and in which our citizens will be best represented.

Thank you very much,

Dear CA State Politicians,

This is in regards to the re-districting of Westchester CA, 90045.

Our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by the City of Los Angeles and should remain in the same districts, and the FACT of the matter is, we share common interests and concerns, such as LAX issues, coastal/environmental issues, and business growth issues with the South Bay Cities, with whom we are currently aligned, therefore, Westchester should be included with them. Westchester does not share much in common with the cities to the east.

DO NOT make this a political issue. It is a life style community issue and this so called, "re-districting " change is NOT for the betterment of our community.

1. Please recognize that our community is Westchester/Playa Del Rey/Playa Vista and is recognized as such by the City of Los Angeles and should remain in the same districts
2. We share common interests with the South Bay Cities and should be included with them. We share transportation issues, LAX issues, coastal/environmental issues and a others with these cities. We don't share many of the same concerns as the cities we are currently aligned with.

This is a serious issue, and the voices of the citizens of Westchester should be taken very seriously.

Hello,

I am a resident of the Westchester, Los Angeles area. It is alarming to me that even though we are recognized by the City of Los Angeles as the Westchester/Playa del Rey/Playa Vista community that we are being placed in a district with communities of Inglewood, Compton, Lennox, Gardena, South Central, West Athens, Westmont and Florence-Graham in the 35th Congressional District. We do not share much in common with these cities to the east.

We share common interests with the South Bay Cities and should be included with them. We share transportation issues, LAX issues, and coastal/environmental issues. For example, our communities are directly impacted by LAX traffic and expansion with LAX freeway exits right in our neighborhood.

Please recognize that our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by the City of Los Angeles and should remain in the same district. We share common interests with the South Bay Cities and it makes more sense that we should be included with them.

To Citizens Redistricting Commission and others concerned :

I am writing to voice my opinion regarding the current plan to have the Westchester area of Los Angeles "redistricted" to be aligned with Inglewood, Compton, Lennox, Gardena, South Central, West Athens, Westmont and Florence-Graham in the [35th Congressional District](#) with [Maxine Waters](#). As I understand things, this would be a change from our current alignment. I am completely AGAINST this change.

I have been a resident of Westchester for over 15 years. I have had family reside in Westchester for over 25 years. Anybody who is familiar with the area knows that the Westchester community shares common interests and concerns with other Beach Cities areas, especially those immediately adjacent like Playa Vista and Playa del Rey.

The city of Los Angeles recognizes Westchester/Playa Vista/Playa del Rey as one neighborhood and in fact, our neighborhood council [that interacts with local government] is officially recognized as the Westchester/Playa del Rey Neighborhood Council and is currently headed by a resident of Westchester. There are 2 grammar schools in Playa del Rey which are the local district school for Westchester residents. Westchester High School is actually in Playa del Rey.

Given the aforementioned, and the history of Westchester being officially recognized and represented as a part of Beach Cities, I urge you to maintain that alignment with the Beach Cities.

There is absolutely NO reason to separate Westchester/Playa del Rey/Playa Vista from the other South Bay cities. Here is why:

- 1) My and our community is Westchester/Playa del Rey/Playa Vista. It is recognized as such by the City of Los Angeles and should remain in the same districts
- 2) It is abundantly clear that we share common interests with the South Bay Cities and should be included with them. For example, we share common issues involving transportation, LAX, coastal development controls and such other environmental issues. We do not share much in common with the cities to the east!

It is extraordinarily obvious that Westchester/Playa del Rey/Playa Vista shares vastly more with the South Bay cities than we do with the cities with whom we are currently aligned.

We have lived in Westchester since 1991, and feel strongly that the community of Westchester/Playa del Rey/Playa Vista should remain in the same district as the South Bay Cities. First of all, Westchester/Playa del Rey/Playa Vista have always been considered one community, and are recognized as such by the city of Los Angeles. We share churches, schools, shopping areas, and have the same concerns for our community. Splitting us up makes no sense. The areas East of us are not a part of our community. They do not have the same concerns as we do. We do not have much in common with those communities.

We need to be able to control the issues that concern us. The communities to the East have other issues. This would mean continuing our alignment with the South Bay Cities. In conclusion, we share vastly more similarities with the South Bay Cities than we do with the cities to the East of Westchester. We do not want to be in the same district.

Please make this right for our community.

Dear Sir/Madam,

It is now about time that politics aside,we do what is correct and right for the people of this community.The area of Westchester is located such that it has alot more in common with our sister communities of Playa Del Rey and Playa Vista as recognized by the city of Los Angeles.

The subjects of coastal and transportation(Los angeles Airport and Expo line) issues are very important to us are also items that are MORE in common with the South Bay Cities and there is less of a commonality with the cities to the East. The cities to the east share different issues then ours that are also important to them but are NOT the same issues that are important to this community(Westchester).I truly feel that Westchester should be in the South Bay District so that it can be represented by a district person who put his or her full time to those COMMON issues rather that be dealing with multiple different issues of different cities.

Thank you and I truly hope you hear our call.

To Whom This Concerns

I recently heard that the Westchester/Playa Del Rey/Playa Vista area of Los Angeles is being aligned with South Central LA for redistricting purposes. It doesn't make sense as we are not inner city. As the song goes, we aren't straight out of Compton. We live near the beach. And as such, we should be aligned with the South Bay area of Los Angeles. South Central isn't affected by LAX and the traffic, noise and problems we encounter on a daily basis. Like the South Bay we have coastal and issues in common. I don't recall seeing tsunami warnings in South Central. I mean, where is the coast line in South Central???? I trust you will see the error in your ways and come to your senses

Any questions please let me know

Sincerely

Lisa Jamner

To Whom It May Concern,

We have been, and still are, long-time residents of Westchester since 1987.

We are writing this email to request to please recognize that:

1) Our community is Westchester/Playa del Rey/Playa Vista, and should be recognized as such by the City of Los Angeles. These communities should remain intact in the same districts.

2) Furthermore, we have a lot more common interests with the South Bay Cities--making it all the more reason we should be included with them. Like a puzzle where one piece is part of the same picture, but doesn't fit in when put in an area where it doesn't belong. We, really, do not have much in common with the cities to the east.

Together, as a Community, we share in dealing with the same interests and concerns, such as: transportation issues, LAX issues, coastal/environmental issues. In short, we have a lot more bonding with the South Bay cities than we do with the cities with whom we are currently aligned.

We respectfully request your consideration as to our plight. There is more unity and interaction when you have a community that have the same "identities" and goals and know they belong to each other. Knowing this, we please ask you to consider our request to unify us with the rest of our "family". This is how the states came together...slowly but surely with one small step toward the same goals and a realization that they are all alike. How can you deny our request knowing California is trying hard to come together in these times of economic hardship. Here, you already have a bonding of communities, going the same direction toward a goal with all parties having the same ideas.

I thank you for your time and consideration.

Sincerely yours,

Morris & Irene Palana

To Whom It May Concern:

I have lived in Westchester since 2004 and feel strongly that the community of Westchester/Playa del Rey/Playa Vista should be in the same district as the South Bay Cities. First of all, Westchester/Playa del Rey have always been considered one community and are recognized as such by the city of Los Angeles. We share churches, schools, shopping areas and have the same concerns for our community. The areas east of us **are not** a part of our community and do not share same concerns as we do.

We want to vote for the issues that concern us, namely similar transportation issues, LAX, environmental and coastal concerns, among others. This would mean aligning us with the South Bay Cities.

Please make this right for our community.

TO WHOM IT MAY CONCERN,

Please do the right thing for Westchester as you look at redistricting.... keep us with the South Bay cities where we belong. Do not align us with cities where we have very little in common and where our concerns and needs will not be addressed.

We ask that you recognize that our community is and always has been Westchester/Playa del Rey/Playa Vista. It is recognized as such by the City of Los Angeles and should remain in the same districts. To whom it may concern,

I am writing to you today to express my concern over changing district lines and separating Westchester from Playa del Rey and the Beach Cities. I feel Westchester has many of the same interests and concerns as the beach cities. We're very concerned about the beaches and the wetlands and other coastal issues. The people of Westchester feel a kinship with Playa del Rey and welcomed Playa vista into our community. The city of Los Angeles recognizes Westchester as part of the Playa del Rey community. I feel we have so much in common with our neighbors to the west and south, and less in common with the areas to the east.

Please reconsider changing the district lines and don't separate Westchester from the beach cities. I am a Westchester native, born, raised and living in our wonderful community.

To whom it may concern:

I just learned today that there is a possibility that the community of Westchester maybe no longer recognized as part of the Playa del Rey/Playa Vista community and that we maybe grouped with cities to the East of us (on the other side of the 405 Freeway). I am strongly opposed to this. Please recognize that we our part of the Westchester/Playa del Rey/Playa Vista community and are recognized as such by the City of Los Angeles. My family and I can spend all our time and money in these communities. We are part of the Playa Del Rey Baseball family that has been together for well over 30 years as well as the Elks and Knights of Columbus. I'm confused as why we would no longer be part of the beach cities when I can see the ocean from my home. We share common interests and concerns with other beach cities and do not share much in common with the cities to the east (across the 405 barrier). Together with the other beach cities to the West of the 405, we work together on transportation issues, LAX concerns and coastal/environmental issues. We share summer programs for our youth and common interests with the South Bay Cities and should be included with them. We do not share much in common with the cities to the east.

Please do what makes most sense to the people of Westchester who have worked years and years on the relationships we have with the other beach cities.

I am a home owner and resident of Westchester for over 17 years. My family and I ask you to recognize our community of Westchester / Playa del Rey / Playa Vista as such by the City of Los Angeles and we ask that we remain in the same districts. These communities share common interests as they relate to transportation, LAX, and coastal and environmental issues. I believe if you truly analyze our community and demographics, you will agree that we share the same common interests and concerns with the South Bay cities and should be included in the same district.

It is a TOTAL MISFIT to include our Westchester community with the cities to the east, such as Inglewood, Compton, Lennox, Gardena, South Central, West Athens and Westmont. We do not share the same interests or concerns with the cities to the east of us.

I am writing to call your attention to the misguided intention to redistrict Westchester with cities to the east. Westchester/Playa del Rey/Playa Vista are all recognized by the City of Los Angeles and should remain in the same district. Since we share common interests, transportation issues, LAX issues, coastal/environmental issues and geographic locations with the South Bay Cities, we should be included with them. Please be reasonable and know that Westchester shares vastly more with the South Bay cities and should continue to be in their district. As someone who was born in Santa Monica and moved to Westchester at the young age of 5 and stayed there through high school graduation at Westchester High School, I have many fond memories of the quality of life that existed then and still does in that slightly inland beach community. To redistrict Westchester to its inland neighboring cities and away from its long history with the coastal cities would be a major mistake. This city is and has been known as Westchester/Playa del Rey/Playa Vista and is recognized as such by the City of Los Angeles and should remain that way. Westchester shares common interests with the South Bay Cities and should be included with them. Westchester shares very little in common with the cities to the east.

The buzz words are Community of interest, share common interests and concerns... Westchester shares transportation issues, LAX issues, coastal/environmental issues with the other coastal towns. They share vastly more with the South Bay cities than we do with the cities to the east.

Your commission is volunteer and should have no political agenda so please exercise good common sense and keep Westchester in the South Bay district where it belongs. That decision is good for the residents, good for the community and good for Los Angeles.

Thanx

Mike
