To Whom it may concern:

Currently our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by the City of Los Angeles and should remain in the same districts.

Let me make it clear that we share common interests with the South Bay Cities (transportation issues, LAX issues, coastal/environmental issues to name a few) and should be included with them. We do not share much in common with the cities to the east.

Please DO NOT change Westchester!!

Thank you in advance from a citizen of the past 30 years.

To whom it may concern,

As a Westchester property owner I am very concerned with the current redistricting effort. For as many years as I can remember our community has been strictly aligned with the other South Bay Beach Cities. Our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by; the City of Los Angeles, the Neighborhood Council and Chamber of Commerce, and should remain in the same districts that we share common interests with, those being the South Bay Cities.

Those common interests and concerns that we share are: transportation issues, LAX issues, coastal/environmental issues, our local youth sports teams/programs and other community organizations too numerous to mention. We do not share those same bonds with the cities to the east.

So please take into consideration our right to be as fairly represented the Federal level as we are locally.

Thank you for your time and consideration in this vitally important matter.

Sincerely,

Paul Love

Dear voters first act,

As a long time (60 year) resident of Westchester, and property owner I am very concerned with the current redistricting effort. For as many years as I can remember our community has been aligned with our South Bay Beach City neighbors.

Our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by; the City of Los Angeles, the Neighborhood Council and Chamber of Commerce, and should remain in the same districts that we share common interests with, those being the South Bay Cities.

Those common interests and concerns that we share are: transportation issues, LAX issues, coastal/environmental issues, our local youth sports teams/programs and other community organizations too numerous to mention. We do not share those same bonds with the cities to the east.

So please take into consideration our right to be as fairly represented the Federal level as we are locally.

Dear Members of the Committee and Other Interested Parties,

As a resident of the Los Angeles community of Westchester, I am writing to request that you recognize the communities of Westchester/Playa del Rey/Playa Vista should be combined in the same congressional district as the South Bay Cities. Please understand that 1) our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by the city of Los Angeles and should remain in the same districts, and 2) we share a multitude of common interests and concerns with the South Bay Cities (such as transportation issues, LAX issues, and coastal/environmental issues) and should be included with them. We do not share much in common with the cities to the east and therefore should not be included in the same congressional district(s) as those cities.

To whom it may concern,

As a Westchester property and business owner I am very concerned with the current redistricting effort to move Westchester out of the South Bay Beach Cities district. For as many years as I can remember our community has been aligned with the other South Bay Beach Cities -- and rightly so. Our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by the City of Los Angeles, the Neighborhood Council and Chamber of Commerce and we should remain in the same district with South Bay Cities as we share common interests with those communities.

Those common interests and concerns are: transportation issues, LAX noise and expansion issues, coastal/environmental issues, local youth sports programs and other community organizations too numerous to mention. We do not share those same bonds with the cities to our east. And the issues confronted by the cities to the east are quite different from ours.

Please take into consideration our right to be as fairly represented at the Federal level as we are locally.

Thank you for your time and consideration in this vitally important matter.

Beth Levin
