To whom it may Concern at the Citizens Redistricting Commission:

It has come to my attention that the California Citizens Redistricting Commission recently released their Final Drafts for maps for Assembly, Senate, Congress and Board of Equalization. I believe that the Voting Rights Act has been violated since the power of the minority group (as a majority) vote has been diluted. The cities of San Bernardino, Colton and the community of Muscoy had their clout diluted while the city of Rialto was cut in half in the congressional maps.

I fully support the adjustments in the attached map as it protects more cities under the Voting Rights Act.
