I am protesting against the redistricting of the city. Why had information regarding this action not been passed down to all the citizens of Cypress! I don't believe its going to benefit our citizens or City.

I am STRONGLY OPPOSED to redistricting Cypress (90630) with the Port of Long Beach. We reside in different counties and have nothing in common with the Port business. Our issues are completely different. Cypress residents need representation regarding our "smaller town" issues. Cypress is only 6 square miles. Our issues will be completely overlooked by someone involved with a large organization (The Port), city and county of Long Beach.

Dear sirs:

I respectfully request, on behalf of Cypress residents, that this Congressional district honor the OC/LA county boundary line and that the affected cities be assimilated within districts contained within their respective county.

Sincerely,

PETITION TO THE CALIFORNIA CITIZENS' REDISTRICTING COMMISSION

We the undersigned hereby request that the California Citizen's Redistricting Commission permit Commissioner Michael Ward file a minority report explaining and fully setting forth his reasons for voting against the new political boundaries for state and federal legislative districts in California.

Every aspect of the Redistricting process conducted by this Commission should be open to scrutiny by the public and the press. The Commission's Code of Conduct requires commissioners to "disclose information that belongs in the public domain freely and completely." Article 21 of the state Constitution, which formed this Commission, provides in Section 2(a) that the commission shall "conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines."

These goals and criteria will not be met if Commissioner Ward is not permitted to file a minority report.

This courageous commissioner must be allowed to file a full and complete minority report which must be disclosed to the public on the Commission website and to the media as soon as possible.

I support Mayor Leroy Mills of the City of Cypress in voicing our objection to having our city incorporated into the Long Beach City district. We have very little in common with them and our voice will be drowned out by the much larger and powerful City of Long Beach.

Please consider keeping the City of Cypress in an Orange County district, where we have has similar needs.

Cypress, Los Alamitos cities have been dumped into a congressional district that crosses the Los Angeles - Orange County boundary. The largest city - and therefore the largest Congressional constituency - is the port city of Long Beach. Members of the Council and people of the city fear that the interests of a small land-locked city like Cypress will be drowned out by the differing interests of the much larger port city like Long Beach. Therefore we would like to stay in our current Orange County district.

PETITION TO THE CALIFORNIA CITIZENS' REDISTRICTING COMMISSION

We the undersigned hereby request that the California Citizen's Redistricting Commission permit Commissioner Michael Ward file a minority report explaining his reasons for voting against the state and federal legislative districts in California.

The Commission's Code of Conduct requires commissioners to "disclose information that belongs in the public domain freely and completely." Article 21 of the state Constitution, provides in Section 2(a) that the commission shall "conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines."

These goals and criteria will not be met if Commissioner Ward is muzzled. All Commissioners should be allowed to file a full and complete minority report to the public on the Commission website and to the media.

Table with 3 columns: Name, Address, Email and/or Phone; County; Date. Contains handwritten entries for Cathy Richardson and Kevin Richardson, both from Orange County, dated 8-15-11.

Please circulate, scan and email to votersfirstact@crc.ca.gov. Don't forget to cc to [redacted] so California Conservative Action Group can track our submissions to the Citizens Redistricting Commission

PETITION TO THE CALIFORNIA CITIZENS'
REDISTRICTING COMMISSION

We the undersigned hereby request that the California Citizen's Redistricting Commission permit Commissioner Michael Ward file a minority report explaining and fully setting forth his reasons for voting against the new political boundaries for state and federal legislative districts in California.

Every aspect of the Redistricting process conducted by this Commission should be open to scrutiny by the public and the press. The Commission's Code of Conduct requires commissioners to "disclose information that belongs in the public domain freely and completely." Article 21 of the state Constitution, which formed this Commission, provides in Section 2(a) that the commission shall "conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines."

These goals and criteria will not be met if Commissioner Ward is not permitted to file a minority report.

This courageous commissioner must be allowed to file a full and complete minority report which must be disclosed to the public on the Commission website and to the media as soon as possible.

Cypress, Los Alamitos cities have been dumped into a congressional district that crosses the Los Angeles - Orange County Boundary. The largest city - and therefore the largest Congressional constituency - is the port city of Long Beach. Members of the Council and people of the city fear that the interests of a small land-locked city like Cypress will be drowned out by the differing interests of the much larger port city like Long Beach. Therefore we would like to stay in our current Orange County district.

Subject: Redistricting Boundary including Cypress

Message Body:

As a voter, I strongly object that Cypress has been dumped into a Congressiional district that crosses Los Angeles - Orange County boundary. We are a small city and have no desire to become a part of a conglomerate!

DO NOT VOTE FOR THIS REDISTRICTING!

Subject: redistricting

Message Body:

I live in ORANGE COUNTY not Los Angeles County. I thought this redistricting was an attempt to keep counties together. Not only did you put an Orange County with Los Angeles again, you split Rossmoor in half.

I also want to know if everyone who thought up these boundries meet the criteria for deciding them. If anyone of you failed to meet it, than these guidelines are history.
