PETITION TO THE CALIFORNIA CITIZENS' REDISTRICTING COMMISSION

We the undersigned hereby request that the California Citizen's Redistricting Commission permit Commissioner Michael Ward file a minority report explaining his reasons for voting against the state and federal legislative districts in California.

The Commission's Code of Conduct requires commissioners to "disclose information that belongs in the public domain freely and completely." Article 21 of the state Constitution, provides in Section 2(a) that the commission shall "conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines."

These goals and criteria will not be met if Commissioner Ward is muzzled. All Commissioners should be allowed to file a full and complete minority report to the public on the Commission website and to the media.

Subject: Menlo Park

Message Body:

I am a African American female and I remember when my family moved to Menlo Park my mother took my sister and I to Bellehaven to register for school. They looked at our transcripts and the principal personally drive us over to James Flood Elementary and had us enrolled. He told my mother that putting us in Bellehaven would hold us back not help our education continue to move forward at the pace we had been use to. Thinking about it later in my life I came to understand that the standards and expectations for the school were a lot lower than at the school I attended. Shame on Menlo Park for what they are trying to do. Why aren't they trying to find a way to improve that part of the city instead trying to divide the city. This part of the City may be poor but inspite of that they have produced several people who went on to become very successful.All of the people I know that lived on that side of the 101 freeway that became successful also attended James Flood instead of Bellehaven. Why didn't anyone try to put good teachers in the school instead of sending us across the freeway.Menlo Park produced children that grew up to be doctors,lawyers, business owners and more. My best friend at the time was Sharon King the sister of Gayle King(Editor for O Magazine). My Sister was on the cover of Ebony Magazine at the age of twenty and now owns her own employment company and the list goes on. Menlo Park should not be ashamed, they should take the time to understand and try to help their citizens.

Subject: Naglee Park Community

Message Body:

To Whom It May Concern,

It appears that the Naglee Park community of downtown San Jose has been cut from downtown San Jose in the Congressional map. Furthermore, our community has been placed with the cities of Milpitas, Fremont, and Newark. These are cities that have no common interest with the Naglee Park community. Please find a way to place our community with downtown/western San Jose. Perhaps you should use the geographical boundary of Coyote Creek as a guide.

Sincerely,

Lane T. Melcic
