Dear Commissioners,

Attached please find two petitions containing a total of 13 signatures. The redistricting process was designed to be an open process with citizen input. Yet the Commission has consistently been listening to organized ethnic lobby groups that represent a small, yet very vocal proportion of the population that seeks to intimidate the majority in to accepting maps that do not reflect the intention of the commission.

Therefore, we are requesting that the voice of Commissioner Ward be heard and that his minority report be published on the Commission website and to the media.

Thank you,

Mimi Steel

PETITION TO THE CALIFORNIA CITIZENS' REDISTRICTING COMMISSION

We the undersigned hereby request that the California Citizen's Redistricting Commission permit Commissioner Michael Ward file a minority report explaining his reasons for voting against the state and federal legislative districts in California.

The Commission's Code of Conduct requires commissioners to "disclose information that belongs in the public domain freely and completely." Article 21 of the state Constitution, provides in Section 2(a) that the commission shall "conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines."

These goals and criteria will not be met if Commissioner Ward is muzzled. All Commissioners should be allowed to file a full and complete minority report to the public on the Commission website and to the media.
