Redistricting Commission,

Obviously I am sending you the standard language suggested by an organization that does not approve of your work in redistricting the state of California for both state and federal representation. I am disappointed in your efforts as well. I suspect that the Commission feels its work was fair but I also suspect that members are oblivious of their biases. I am hoping you will at least consider the request below.

The Commission's Code of Conduct requires commissioners to "disclose information that belongs in the public domain freely and completely." Article 21 of the state Constitution, provides in Section 2(a) that the commission shall "conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines."

These goals and criteria will not be met if Commissioner Ward is muzzled. All Commissioners should be allowed to file a full and complete minority report to the public on the Commission website and to the media.

Best regards,

Dennis George
