Subject: Legislators in these new districts

Message Body:

Now that the new Assembly, Senate and Congressional Maps are approved. I am looking for information on which Legislators will be in what districts state-wide. Since some districts have been moved to completely new locations with some Legislators now residing outside of their district boundaries, I would think this commission would publish this information. The official California Legislation data base currently does not talk about this nor do I feel it will be updated any time soon. It seems appropriate that mapping the Legislators to the new districts be provided as well. Please advise. Thank you.
