Applicant: Ms. Jodie P. Filkins # 21683

Dear Members of the Redistricting Committee:

I've known Ms. Filkins as an exceptional advocate in court for approximately 15 years.

The issue in which you inquire whether Ms. Filkins is impartial is without a doubt or question. She has the talent and ability to explain the reasoning of her position and also agreed with me if I had information, which she had not been informed of. She is just in her presentation of the facts and analytically with the legal code and up to date on case law at all times.

I have always been her adversary so this is an honor to tell you that she is one of the few who encompasses the trait of seeing both sides. The respect and esteem from her colleagues and judges is unquestionable.

Ms. Filkin's honesty is beyond refute and her impartiality unquestionable.

We may disagree as opponents but I find her knowledgeable and is always current with case law.

I cannot think of a better example than the fact that I retained Ms. Filkins to represent me in a personal matter. I hired her to represent me because of her reputation with her peers and most importantly the judges who hold her in high esteem because of her noble character.

We currently have a case as opponents and have informed our clients. I've also hired an independent contractor as an impartial representative to resolve the case with Ms. Filkins.

I truly believe she would be an excellent candidate, although we do not share the same political ideology.

Should I be of further assistance or if you have any questions please do not hesitate to call or email me at Redacted t

Sincerely,
