The meeting for Interested  
Persons held at CALTRANS  
on Feb 9th will ill-conceived  
if you truly want to reach  
all communities but particularly  
poor and working families of  
color. Meetings should be  
more centrally located, held  
at community center, library,  
type setting after 6pm.

Please arrange more meetings, especially in places like Southeast San Diego that tend to be underrepresented.

Thank you!

outreach to communities of color that have been historically underrepresented is vital. The hearings across the state need to be scheduled @ times that will make it possible for working people to attend. The meeting in San Diego should be re-scheduled/reconvened at time + place that will facilitate/promote access + participation
