Dear Citizens Redistricting Commission:

I am writing this letter to urge you to appoint Ms. Karin MacDonald to the redistricting effort for the State of California's upcoming project. Ms. MacDonald has experience and is certainly qualified based on her current position at UC Berkeley as the Director of Database Research. She is an independent thinker who tries to incorporate the feelings of the communities involved to assure that all voices are represented. Her previous efforts have been completely transparent, which I am sure you must appreciate and admire.

Again, please consider Ms. Karin MacDonald as a most qualified candidate.

Sincerely,

Kathie Hardie
