Subject: state redistricting process
To: votersfirstact@crc.ca.gov

In 2002 I worked as a citizen along with my fellow Potrero Hill neighbor John deCastro during the process of redrawing the 11 Supervisorial districts in San Francisco. I recall this was a very politically charged process, but was fair and equitable thanks to the incredible and fair work of Q2 Data and Research and Karin McDonald. I could not recommend their firm more highly.
