Buenos Dias/Good morning: I understand that Karin McDonald has applied to work with you on the California Redistricting Commission. I had the pleasure of meeting Karin and became familiar with her abilities and work performance while I was a Commissioner on the San Diego 2000 Redistricting Commission. We hired her as a consultant and she did a very good job.

The end result was well received by all parties as opposed to the County Redistricting Plan which Latinos filed a law suite opposing their redistricting plan.. Mateo R. Camarillo, [REDACTED]
