Subject: Select a non-partisan consultant and a non-partisan attorney
To: votersfirstact@crc.ca.gov

I write to express my concern that finalists for the consultant and attorney positions are Republican activists with a history of partisan gerrymandering and activism. Selecting the Rose Institute, in particular, would be a betrayal of the public trust. I urge you to reject the Rose Institute for any role in this process, and to select an attorney that does not give the impression of partisan leanings..

Thank you-
