

Statement by Tony Krvaric

Chairman, Commissioners.

I would like to thank all of you for your service as Commissioners in this critically important leadership for the future of our state.

I am Tony Krvaric, an immigrant to the United States and the Chairman of the Republican Party of San Diego County.

I am here for one reason, to correct your record.

In the February 25 meeting of the Citizens Redistricting Commission, the transcript says that “Republicans in San Diego, where she (referring to Karin [car-in] MacDoanld) performed that activity, said she was extremely impartial.”

It seems that there was some confusion. San Diego County Democrat Chairman Jesse Durfee wrote to you. Jesse Durfee knows redistricting and he is the Chairman of the California Democratic Party’s Redistricting Subcommittee.

Jesse Durfee endorsed her work, not me. The Democrat Chairman endorsed her, not the Republican Chairman.

To make the record crystal clear, her work hurt Republicans. The fifth City Council District was packed with Republicans making other council districts less competitive.

Because of her work in San Diego, I can’t and don’t find her work to be impartial.

However, I definitely can see why Jesse Durfee supports her.

I thank you for allowing me the opportunity to correct the record and wish you well in the tough decisions ahead.
