Subject: letter of recommendation for Karin MacDonald
To: votersfirstact@crc.ca.gov

Honorable members of the Citizens Redistricting Commission:

I am sending this email in support of Karin MacDonald who is being considered for the position of staff consultant to the CRC.

My family has lived in the same neighborhood and the same house for over forty years. Over that time, we have been in several different City Council Senatorial, and Congressional districts. Redistricting is reality and at this time in history incredibly important and sensitive.

Transparency in the process is paramount, as is, public participation. Ms MacDonald has a reputation for being fair and inclusive. More importantly, her willingness to embrace and include our many diverse communities, whose numbers have increased over the last ten years, is among the strongest components in this process.

.

I ask that you give the highest consideration when making your decision and that you appoint Ms. MacDonald as the staff consultant. We will all benefit Thank you.

Si Se Puede
