Dear Commissioners -

A public comment was read at yesterday's meeting that evidently was received during the meeting by email. If there was an announcement about this process I missed it. Please announce at the start of each open session the procedure for public comment from on-line viewers (and repeat the announcement at each opportunity for public comment during the proceedings.)

The announcement should:

1. give the email address for this purpose
2. say who receives the message
3. explain how the Commissioners see it in real time (if not read by a member or staff)
4. indicate how the viewer/comment maker receives confirmation of the message receipt - other than seeing its dissemination on the video feed

Thank you
Peter Van Meter, Principal
