Dear Sirs:

As the committee who would draw the lines, I would hope that you realize that Northern California does not end at Sacramento or San Francisco. It is another 340 miles to the Oregon border. I request that you hold a meeting in Crescent City, CA. Whether the senate, assembly and Congressional districts includes 9 other inland counties or coastal counties would have a great impact on our representation on coastal and harbor related issues. I hope we would get a chance to talk to you about this in person.

Bob Berkowitz
