Hello,

A request about the discussion of the calendar going on now: You might ask the chair to note for the public where the new draft is posted. As you know, the five new calendar pages are listed under their months in the section called CRC Draft Meeting Schedule, quite far down the page at [http://wedrawthelines.ca.gov/meeting\\_handouts.html](http://wedrawthelines.ca.gov/meeting_handouts.html). A couple of us watching online had forgotten how that posting is done, and forgot to examine the postings that are lower than ones of roughly the current time frame. We looked for some time before finding the calendar.

Also, it appears that the criteria handout has not been posted. I think that's less crucial, however.

Thank you!  
Trudy
