To Whom It May Concern:

RE: Stan Forbes

I am a farmer in the Winters, California area and serve on the following Boards & Districts -

1. President, Solano County Farm Bureau
2. President, Winters Health Care Foundation
3. President, Solano Resource Conservation District
4. Graduate, Class 18 California Agricultural Leadership Program

Stan Forbes is a unique combination of lawyer-businessman-agriculturalist. With Stan's background he brings many skills that will benefit the redistricting commission. His integrity is beyond reproach and he has the ability to be impartial and listen to all sides and views on an issue. Stan can use his analytical ability to dissect an issue and evaluate the validity of the information presented to him.

Stan has a long history of serving on the Davis City Council and other Boards that show his allegiances are not to any group; but to the entire population.

I strongly recommend my friend and over 25-year customer of our farming enterprise; Stan Forbes for the California Redistricting Commission.

Sincerely,

Joseph R. Martinez
