School Attendance Area Notes

This map delineates the Kern High School District 2010-2011 Attendance Boundaries.
Incoming 9th grade students for the 2010-2011 school year will go to the school designated on the Kern High School District 2010-2011 attendance boundaries map. (Reverse side).

**Approved Plan for 2010 Boundary Changes for the following schools:
(Foothill, Golden Valley, Highland, South, or West High School)**

Students currently attending these schools will not be affected by these boundary changes. Tenth, eleventh, and twelfth grade students living in the transition areas will continue to attend the schools they attended as ninth graders. However, parents of students who are scheduled to attend one of these schools as incoming ninth graders during the 2010 – 2011 school year should check the boundary map (Reverse side) to determine which school their son or daughter is scheduled to attend.

Incoming 9th grade students for the 2010-2011 school year who have an older brother or sister attending another Kern High School District high school during the 2010-2011 school year will have the option of attending a school with the older brother or sister. Requests to have the incoming 9th grade student attend school with the older brother or sister should be made at the school the older brother or sister is attending. The Kern High School District is committed to allowing families to remain at a single school in an area affected by a boundary change.

Detailed maps and further explanations are available at:
<http://www.kernhigh.org/boundary/2008-approved-boundary.htm>

*This option does not apply if the older brother or sister is at a school through Open Enrollment or Intra-District Transfer.
