Subject: Imbalanced redistricting commission
To: votersfirstact@crc.ca.gov

It seems to me that the Commission has an inherent imbalance in representation of California voters. The number of members per party should be based on voter registration, and not an arbitrary number of 10 members for each party. This allows Republicans to be over represented on the commission as the Republican party has far fewer registered voters in the state than the Democratic party.

Sincerely,
Wes Kobernick
