Hello,

I am sending this email because I won't be able to attend the public comment meeting in San Luis Obispo next week.

Kevin McCarthy does not, in any way, represent many of us in the Paso Robles area. Why we are part of the 22nd district, which is connected to Bakersfield and not the 23rd district with the rest of San Luis Obispo County, I do not understand. Many of us work in San Luis Obispo and live in Paso Robles. We should be included with the people we associate with, not those in a county 2 hours away!

It is clear that San Luis Obispo's 'North County' has many republicans, but there are democrats here, too! I am tired of not having someone in office that speaks for me. He is so far to the right, I can't see him from here. I have much more in common with Congresswoman Lois Capps.

Please consider having San Luis Obispo represented as one county, not divided, and especially not connected to a county over 2 hours away, with nothing in common. Being a part of the San Luis Obispo county is important to me. We attend many events in other cities in our county, have many friends in other cities in our county, work in other cities in our county, and have much in common with other residents in our county.

Thank you for your time.

Sandra Carroll
