Subject: Redistricting Software Tool - Video Tutorial Attached  
To: votersfirstact@crc.ca.gov

Dear Chairperson,

I realize the chair of the Commission is rotating every few weeks. We would like to have an opportunity to meet with the Citizens Redistricting Commission to demonstrate a redistricting software tool designed for public and commissioner use. Please read the attached letter, which was sent two month ago by mail and email to the Commission.

I appreciate you and the other commissioners taking the time to review the demonstration of the software tool and the attached letter.

Thank you.

**Chris Campaña**
