Brentwood itself is a community of interest and is part of a somewhat larger community of interest that includes much of the Westside of Los Angeles from Beverly Hills west to the Pacific Ocean and south of the Santa Monica Mountains to roughly Palms Boulevard ("Westside"). Brentwood is currently split between three Assembly Districts (41, 42 & 47) and two Senate Districts (23 & 28). This is wrong. The 41st Assembly District includes portions of Ventura County and the San Fernando Valley. The 47th Assembly District includes portions of Culver City, Leimert Park, Windsor Hills, Ladera Heights, Little Ethiopia, portions of Koreatown, the Fairfax district and South Los Angeles. A small part of Brentwood is included in the 28th Senate District, a district that is largely a South Bay area district. This makes no sense. Brentwood should not be split this way. All of Brentwood should be in the same Assembly and Senate districts and these districts should include the other communities located in the Westside geographic area and not the South Bay, mid-city and Ventura County and San Fernando Valley areas currently within A.D. 41 & 47 and S.D. 28.
