Subject: Redistricting Request
To: votersfirstact@crc.ca.gov

I am in Congressional District 14 which is entirely inappropriate. I live in Scotts Valley which is physically far removed over a mountain pass and "needs-wise" totally different from the District 14 base area. One look at the map of this area should convince anyone that Scotts Valley and the surrounding area should be in Congressional District 17. District 17 includes Santa Cruz County: we are integrally part of this county and have absolutely nothing in common with District 14.

I am a Sr. Citizen, a WWII veteran and a retiree from the aerospace industry. I'm 85 and have experienced kidney failure which put me into dialysis preventing me from traveling to the Redistricting Committee meetings.

Please consider this request to be moved from District 14 to District 17.

Thank you.
