Subject: A public hearing in Eureka
To: votersfirstact@crc.ca.gov

Please schedule a public hearing about redistricting in Humboldt County-- preferably in Eureka, which is the county seat and reasonably accessible to Del Norte County as well. It is such a long way for us to go to Redding or Santa Rosa, and many people are interested in the issue. We are concerned that the interests of our coastal counties will not be represented if we are included in districts that have very different economic and environmental interests.
Sincerely, Jean Caldwell
