Subject: PUBLIC COMMENT -- Order to draw the four maps
To: votersfirstact@crc.ca.gov

Commissioners,

There are really only need to concentrate on two map formats . The other two are subsets of one of these.

Draw the Congressional maps first. They are unique and quite independent of the State maps.

When drawing the State maps, start with the forty Senate districts. When these are complete, you can divide each into two Assembly districts and agglomerate [<http://www.thefreedictionary.com/agglomerate>] each ten of them into the four BOE districts.
