Dear Commissioners,

I know the importance of the job that you have been given, and I know the potential impact that it could have on my community of interest. That is why I am writing to ensure that my voice is heard as you prepare to draw the districts.

I am a resident of Simi Valley and I have been for many years. I have seen my city grow and flourish to the great city it is today and I am proud to live here. Surrounding cities also have a great deal to do with the quality of life. Many residents of Moorpark and Thousand Oaks work and conduct daily activities in Simi Valley. We are connected in so many ways and should be united under one district. You would be doing the residents of this community a disservice by separating Simi Valley, Moorpark, and Thousand Oaks.

I grew up in Ventura County and I am proud that I am not a fixture of Los Angeles County. I refer to Ventura County as God's Country, it is beautiful, safe, and has much to offer its residents. Los Angeles County does not fall within this criteria. Los Angeles County is a completely different entity and should not try to benefit from Ventura County by forcing its citizens to be a part of a county they do not live in. I have chosen to live in Ventura County, not Los Angeles County. It is necessary to keep the counties separate, to combine the counties would be negligent and another ploy to disservice the citizens in this state.

Thank you for your time and thank you in advance for redrawing our district lines.

Misty Snow
