Citizens Redistricting Commission,

I wish to express my opinion regarding re-drawing the Assembly, Senate and Congressional districts in northern California.

Please draw lines around entire counties where possible. Splitting counties is not good.

Please keep the coastal counties of Humboldt and Mendocino separate from the valley counties of Shasta, Tehama and Glenn and keep those valley counties separate from the mountain/desert counties of Modoc and Lassen.

Siskiyou County has always been included with Shasta, Tehama and Glenn so please don't make a major disruption by moving them into either the coastal group or the mountain/desert group because Siskiyou County has nothing in common with them.

Thank you,

Alice D. Mecham
Alice Mecham
