April 26, 2011

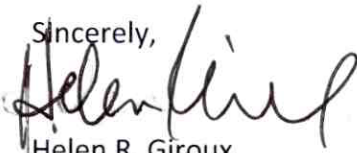

To the Citizens Redistricting Commission:

My community of Studio City is on the San Fernando Valley side of the Santa Monica Mountains. The area known as the Westside of Los Angeles is on the other side. The neighboring communities on both sides of the hill - Beverly Hills, West Hollywood, UCLA area, Sherman Oaks, Encino, Tarzana, etc. - are all interconnected.

All of these communities have active, very involved residents - I'm a member of the Studio City Residents Association - and we all share a desire for the preservation of the Santa Monica Mountains and the improvement of our local neighborhoods. We are connected by roads that traverse that mountains - Laurel Canyon Boulevard, Coldwater Canyon Avenue, Beverly Glen as well as the 101 Freeway. We are "one" in our daily lives.

Please keep Studio City in its current State Senate District, the 23rd District. This is imperative for our quality of life!

Sincerely,

Helen R. Giroux
