Subject: Input for San Gabriel Valley meeting April 29, 2011  
To: votersfirstact@crc.ca.gov

## To Whom It May Concern:

**Why do we have to be cut off from our neighbors?** Looking at districts #28 and #31, Azusa, Irwindale and part of El Monte are removed from a general sweep across the northern part of the San Gabriel Valley. Why is that? It separates us from more Republican strongholds of Glendora, San Marino, LaVerne, Sierra Madre, Arcadia and other nearby towns where we shop, visit restaurants and combine our lives with the residents of those cities. The current boundaries cut us off politically from our neighbors and create an unfair representation of the area. As an Independent voter I feel this is not an appropriate district boundary. Please include Azusa and Irwindale in a new boundary with our neighbors so we are not dedicated to one party or another - but a true representation of a real district.

Thank you,

Linda Shehee
