Subject: Please Keep East Ventura County Together
[REDACTED]

April 26, 2011

Dear Commissioners,

I am very familiar with the redistricting process and I would appreciate it greatly if you would take my comments into consideration. I live in Thousand Oaks and I am very connected to the needs and wants of my community.

I have lived in Thousand Oaks for a long time and I have deep ties to my community in multiple ways. It is extremely important to me to keep Thousand Oaks and Eastern Ventura County together under one district. This area shares so many common interests and issues for me; not just for my business, my husband's business but for my family, including my elderly mother and social network. It is imperative for Eastern Ventura County to stay within one district so that our commonalities can be fully represented at both the State and Federal levels.

When redrawing our district lines, I urge you to please keep Camarillo, Thousand Oaks, Moorpark, and Simi Valley united under one district.

Thank you,
Tamara Howard
