Redistricting Commissioners,

I am writing to make my thoughts and concerns known regarding the redistricting process. I live in Camarillo and I have been here for forty nine years.

I have been a member of the board of trustees for the Pleasant Valley School District for over twelve years and I see firsthand how our school system operates and the issues that we encounter. It would be in the best interest of my community and the students here to be completely severed from the Oxnard School System and for Camarillo to stand on its own. Camarillo is very connected with eastern Ventura County and should not be separated from it. We share many commonalities with the residents and business owners and we need to stay united under one district with eastern Ventura County.

Please take my comments into serious consideration.

Thank you,
