California Citizens Redistricting Commission
1130 K Street, Suite 101
Sacramento, CA 95814

Dear Commissioners:

I have reviewed the Chinese American Citizens Alliance Greater San Gabriel Valley proposed redistricting of the 49th and 60th State Assembly Districts, the 29th State Senate District, and the 32nd United States Congressional District.

I support this plan because it achieves the Supreme Court mandated goals and the priorities of the California Citizens Redistricting Commission. In particular this plan achieves the ideal target population value for each district with a 0% deviation. In addition, the 49th and 60th Assembly Districts form the 29th State Senate District. The 32nd U.S. Congressional District is derived from the 29th State Senate District by dropping El Monte and Chino Hills. These districts are nested in relation to each other.

This redistricting plan makes sense. It will give Asian Americans the voice historically denied to them. I thank you for your favorable consideration of this plan.

Sincerely,

Mike Ten
Mayor
