

April 29, 2011

Dear Commissioners,

I am writing to make my thoughts and concerns known about the redistricting process. I have been a resident of Westlake Village for 34 years and have formed deep ties to my community.

As a resident of Westlake Village, I know the residents and business owners of my community very well. We share many common interests and views. We also share these common interests with our neighbors: Thousand Oaks, Newbury Park, Camarillo, Moorpark, and Simi Valley.

We are tied together and should stay united under one district that serves the Conejo Valley and adjacent areas. We would hate to be separated into different districts and lumped into a district with Los Angeles. This would be a serious mistake because our views and outlook couldn't be more different.

Please take my thoughts into consideration. I urge you to keep Westlake Village united with Thousand Oaks, Camarillo, Moorpark, and Simi Valley.

Thank you,

Suzanne Freeman
