

From: Berta González-Harper [REDACTED]  
Subject: RDC meeting venue

Message Body:

Honorable California Citizens Redistricting Commission members, I am unable to attend the meetings currently being held in San Fernando and Lancaster California regarding the potential redistricting of the area in which I reside, the City of Santa Clarita. As a citizen comprised commission, I would sincerely hope you would understand the need to hold as many locally accessible meetings as possible in order to allow participation by those residents most affected by your decisions.

We need a meeting held within the Santa Clarita Valley so that those of us needing more information or wishing to opine can do so within our own community. Please schedule at least one meeting in Santa Clarita before you decide what area (s) to pair us up with. Your decisions will have important ramifications on how well or poorly we are represented on the state and federal level, and what our area will be like in future years.

Please schedule a meeting in Santa Clarita so that others and I may attend and participate.

Sincerely,  
Berta González-Harper
