Re: San Gabriel Meeting – April 29, 2011

Dear Mr. Claypool,

I was in attendance Friday and provided comments regarding the Whittier area at the recent meeting. However, a question was asked of one of the speakers regarding Asian representation in the San Gabriel Valley. The answer given was not accurate and I thought it important that the Commission be properly advised. In point of fact, Congresswoman Judy Chu represents the 32nd Congressional District in the heart of the San Gabriel Valley. Additionally, her husband, Assemblyman Mike Eng of the 49th Assembly District, also represents a substantial portion for the San Gabriel Valley. They have been very effective for their constituents and have represented their districts well. I thought you should be aware of this.

Cordially,

Selma Miner
