Re: Redistricting of East Ventura County

Dear Committee Members:

I have been a resident of Newbury Park/Thousand Oaks in East Ventura County for the past thirty-six years. I believe that our city has a unique character and distinct needs, requiring State representatives who understand the wishes of Ventura County's electorate.

I strongly urge you to allow our county to remain intact. Do NOT cut it up and parcel it out to other districts. Doing so would definitely be a disservice to the people of our county who deserve state representation.

Sincerely yours,

Mary C. Genstil
