Subject: FW: alternates

I was reading the Notice of Proposed Rulemaking for June 1, 2010 and I've noticed that there has been no mention of picking alternates for the commission.

What will a quorum consist of? Normally it is a majority of the members; in this case that would be 8 out of the 14 members. Is this still the case if one of the 3 sub-groups is no longer represented, ie 8 remaining members are 4 Democrats and 4 Independents-no Republicans (or 4 Republican and 4 Democrats-no Independents, etc.).

If there is not a proper quorum, can the commission make new districts? I would hate to come down to the end and have the commission's work be for nothing.

Thank you,
Linda W Reichert
