**Conversation:** REASON MUST PREVAIL IN COACHELLA VALLEY REDISTRICTING DECISIONS

Commissioners, as a resident of Desert Hot Springs it is reasonable and appropriate that Desert Hot Springs should be included in CD45. It is NOT resonable to combine the Desert Cities with the Imperial Vallery. They have the natural boundry of the Salton Sea and are a very different communities of interest. The desert cities of Riveriside Co. are resort and retirement communities with shared shopping, health care, and city government association (CVAG) bordered by the I 10 Freeway. The Imperial Valley is a agricultural, military and a border county. It shares a connection with San Diego, also a border county, through the I 8 Freeway for shopping and health care. Please reconsider this. Let the voice of reason prevail. L. A. Johnson, Desert Hot Springs, Ca
