CA Redistricting Commission:

I am speaker No. 1 at the 5/13/11 San Marcos Hearing and I would like to add to my testimony.

We are currently in districts with the cities of El Cajon and Santee and are compatible with them as Hwy 67

is a commonly travel road. We would also be very compatible with the City of Poway which is also

adjacent to Hwy 67. To go to the NE, the small towns of Santa Ysabel and Julian who are currently

in AD 66 would be a good match as their citizens travel through Ramona to and from shopping,

working etc. We are all considered "Inland Areas" of San Diego County. Thank You.
