**Conversation:** Redistricting

Please do not consider dumping Lakeside and other nearby areas into Imperial Valley County. We would never know who to vote for as that is too far to travel to meet our Legislators and further, we have nothing in common with people who chose to live in the desert farming community located in Imperial Valley County. I think this would be a severe hardship to the people in the Lakeside area.

Thanks for listening,

Pat Santos, member

Lakeside Chamber of Commerce and a voter!
