Conversation: re-districting

I heard recently that Lakeside and several other East County areas may be absorbed into the Imperial County District for congressional representation. This is preposterous! Lakeside and its citizens belong in the San Diego County District. There are very few initiatives or concerns that we in Lakeside would have in common with Imperial County! Lakeside is just a few minutes from the city of San Diego. Many Lakeside residents work and play in the city of San Diego--which gives loyalty and commonality to issues affecting San Diego County. In other words, we spend almost as much time in San Diego as we do in Lakeside.

Please do not let this re-redistricting of Lakeside happen!

Thank you,

Judy Soule
