**Conversation:** Redistricting East County

I am opposed to even the idea of redistricting any of the towns currently in SD County. I cannot believe that at a time when this state is suffering such a financial crisis that any such topic would even come up. I can't even imagine the costs of paperwork changes necessary in order to begin such a process, not to mention the man hours.

This would surely cause taxes to be raised to support such an unnecessary venture and we all know that raising taxes only hurts the economy.

I for one, will do whatever I can to fight such an unnecessary and unwanted endeavor.

Sincerely,  
Deb Nelson  
East County, Unincorporated area of Bankhead Springs
