Message Body:

As you draw lines, please note that Eagle Rock (city of Los Angeles, 90041) is a distinct community, and we are currently divided into several ADs, 43rd and 44th. Please put us into one district, and preferably with our neighbors in Highland Park (90042), Glassell Park, and other contiguous communities which we call "Northeast Los Angeles" (although, of course, the real Northeast is Sylmar/Pacoima, but somehow we also use that name for our area). Eagle Rock boundaries are Glendale Fwy on the west, Figueroa Blvd on the east, 134 freeway to the north, and York Blvd to the south. Thank you.
