Subject: CA redistricting input.
To: votersfirstact@crc.ca.gov

Good evening, my name is Richard Kim, and I'm a Koreatown community member. I fully support drawing the Los Angeles Police Department's Olympic Community Police Station boundaries into one state assembly district.

I feel that the community's needs aren't being met by our current elected representatives because the buck can be passed between five Assembly districts and two Senate districts. I strongly encourage the Commission to allow our community the opportunity to demand accountability from one elected official by including all of the greater Koreatown neighborhood, as defined by the LAPD Olympic Station patrol area, in one district.

Thank you for allowing us the opportunity to provide this input.

Richard G. Kim
