Dear Commissioners:

As a recent resident of Santa Clarita and a current resident of Porter Ranch, I want to first thank you for the important job you are undertaking. Our representatives must reflect the values of their constituents. Unfortunately, for many years, this has not been the case.

I would like to express my support for keeping our communities (Porter Ranch, Granada Hills, Northridge & Chatsworth) in the same district as the eastern Ventura County and the Santa Clarita Valley. We share common interests, suburban make-up and major transportation corridors; we should share the same representation.

Thank you for your consideration.

Sincerely,  
Paul Jelloian
