

From: Matthew Jelloian [REDACTED]  
Subject: Porter Ranch

Message Body:  
Dear Commissioners:

I want to thank you for the valuable work you are doing to ensure that we have representation that directly represents us.

I was born and raised in the Santa Clarita Valley and now am a resident of Porter Ranch and attend college at California State University, Northridge. Having spent my whole life in these areas, I can tell you we share much more than just good weather. These communities share common interests and lifestyles.

It would be my wish that we are all represented under one district, comprising of Santa Clarita, northwest San Fernando Valley, and the eastern Ventura County. This would allow us to be represented by someone who really knows us and our needs.

I look forward to seeing you at the next commission meeting.

Sincerely,

Matthew Jelloian
