Dear Redistricting Committee,

I am a Lancaster resident. I am very interested in how you decide to draw the district lines.

Therefore, I ask that you consider the following:

1. There should be one single Assembly district for the entire Antelope Valley and East Kern section of the High Desert from the San Gabriel and Tehachapi Mountains.
2. There should be on single Assembly district that covers the Victor Valley, including Adelanto, Barstow & Victorville, Apple Valley and Hesperia.
3. These two Assembly districts should comprise on single State Senate district.
4. It is no longer appropriate to consider these valleys more closely aligned with Los Angeles than with the Central Valley for a number of reasons, including our agriculture and water needs.

Thank you for your consideration.

John Mancino  
Lancaster, CA
